Flag: Follow up

Hello Regan, it was great to see you today. I'm excited to hear you are interested in working with us to develop a historical reconstruction of the Flint water system. Now that we have the data sharing agreement (attached) in place we can move forward. Do you have time next week to discuss during a brief conference call to get the ball rolling?

Note I have copied Carol Miller, who you met briefly over a year ago when we initially attempted to start this work.

I look forward to working with you.

Thanks,
Shawn
